BOERS REPORTED TO BE ACTIVE.

Transvaal Government Notifies Portugal That Its Action In Granting England Favors Equals Hostile Actions.

Pretoria, April 11.—It is reported here that Colonel Baden-Powell, British commander at Mafeking, is dead.

Aliwal North, April 11.—The British loss in the fighting at Wepener was 11 killed and 41 wounded. Fighting was resumed again. The British are holding their own well.

London, April 11.—Lord Roberts wires to the war office from Bloemfontein, under date of Tuesday, April 10, as follows: "The enemy has been very active during the past few days. One commando is now on the north bank of the Orange river, not far from Aliwal North, while another is attacking Wepener. The garrison there is holding out bravely and inflicted serious loss on the Boers. Major Springle of the Cape Mounted Rifles was killed. No other casualties have been reported as yet.

"The troops are being moved up rapidly. A patrol of six men of the Seventh Dragoon Guards, under Lieutenant Wetherly, which had been reported missing since April 7, has returned safely."

As the foregoing dispatch does not mention the alleged British reverse on Saturday at Meerksatfontein the Boer telegrams are not credited at the war office, and they are further discredited on account of the discrepancies in the dispatches, as Meerksatfontein, in one message, is located near Brandfort, and another it is located southeast of Bloemfontein, the places being 100 miles apart.

General Gatacre's return to England is accepted as being in the nature of a recall, though no reason is given for it, and it will be associated in the public mind with his lack of success. Lord Roberts criticised his management of the Stormberg attack, and possibly Gatacre's having arrived an hour and a half too late to rescue the Reddersburg force may have decided his return. General Rundle seemingly succeeds General Gatacre, and according to a dispatch from Bloemfontein the commanders of several brigades are about to be changed.

The Reuter Telegram company's correspondent at Aliwal North says: "There is no further news from Wepener. Too cloudy to heliograph. More British troops are arriving."

It is learned that the Boer government have formally notified Portugal that they consider the shipping of British troops and munitions of war to Rhodesia, by way of Beira, Portuguese East Africa, to be tantamount to hostile action. This, however, will not stop General Sir Frederick Carrington's force from entering Rhodesia. Whether or not the Boers will make reprisals upon Portugal remains to be seen, so the opinion here inclines to the belief that the Boers are not likely to back up their protest with action that would bring them into hostilities with still another power.

Boers Are Sending Shells.

Ladysmith, April 11.—The Boers opened fire, sending shells into the British camp at Elandsbaai from three positions widely separated. The shells did no damage. The troops moved out to reconnoiter and found the Boers in strong force and well fortified. One naval 4.7-inch gun replied to the Boers, who have again placed a long tom in position.

When the Boers commenced shelling the British were drilling, and one private was killed and another wounded before the soldiers were withdrawn from range. Then the naval brigade opened fire and drew a heavy Boer fusillade, and two of the cruiser Philomel's gunners were killed. The naval men stuck to their positions, however, and the Boers unmasked six guns, including a 100-pounder, and shells fell in all the British camps.

After three hours' bombardment the British fire slackened, and the burghers cleared from a kopje on the right, when a British shell lit on the spot occupied by their gun. Again a command was seen moving toward the British position, apparently with the intention of flanking them, but the British shells forced them to retire.

The British advance pickets were continually sniped, but few casualties have been reported.

In the afternoon the naval brigade again fired a few shells. It is rumored that a body of Boers have gathered southwest of Elandsbaai with the

apparent intention of cutting the British line of communications. General Clery directed the operations. General Buller visited Elandsbaai.

Gatacre Will Return.

Bloemfontein, April 11.—General Gatacre, the commander of the Third division, is about to return to England. General Pole-Carew has been appointed to the command of the Eleventh division. Several changes are likely to be made in the brigade commands.

RICH CONTRACTORS

Did Not Don Overalls and Take the Place of Strikers.

Chicago, April 11.—E. Baggott & Company, who have the plumbing contract for the Marshall Field building, on which the unions have called a strike, announced that they would not avail themselves of the offer of several wealthy plumbing contractors to don overalls and take the place of the striking plumbers, in order that the contract might be finished in time.

It was at first stated that the contractors had actually gone to work on the building, which was under a heavy guard of policemen, and the names of the master plumbers alleged to be at work were given.

Mr. Baggott, however, said that it was impracticable to use a large force at present, but that when plumbers were wanted plenty were to be had.

Guards at the entrance to the building prevented all outsiders from entering, and it was not until afternoon that the strikers and their pickets learned that the "bosses" were not actually at work.

A Spell of Weather.

Chicago, April 11.—The whole west and southwest is experiencing a series of rain and snowstorms, accompanied by temperatures ranging from 15 to 30 degrees below normal, with heavy frosts over a large section of the wheat belt. At Denver the thermometer registered 8 above, and at Dodge City, Kan., 18 above. According to the United States weather bureau, the storms are a continuation of the recent cloudbursts that caused the Austin (Tex.) disaster, and swollen country streams are reported from all over the west. Several minor washouts have occurred.

Red River Flooded.

Denison, Tex., April 11.—High water is reported at all points in the Red river territory. The Red river has risen 10 feet within the past 24 hours. The Washita is on a big boom, and an overflow is threatened. Advices from Texarkana say that the Red river has risen eight feet and is still raising. The rise comes from the upper tributaries and will be augmented by the heavy waterpouts of the past 24 hours in this section. The Sulphur river and Little river are also booming, the latter being out of its banks in the lower lands.

John Marshal Day.

New Orleans, April 11.—William Wirt Howe, chairman of the committee of the American Bar association on John Marshal Day, announced that the day will be celebrated on Feb. 4, 1801, in the city of Washington, in co-operation with the bar association of the District of Columbia. There will be a public meeting, at which the chief justice of the United States will preside, and at which the president of the United States has promised to be present. The oration will be delivered by the Hon. Wayne MacVeagh.

Disagreed on Prices.

Cincinnati, April 11.—Representatives of the National Iron Founders' association and the International Iron Molders' union, after two days' conference here, have disagreed on the subject of a wage scale. The demand of the men was for an advance of 25 cents a day on the minimum wages of \$2.75, and for other concessions. The outcome will depend now on the action of the local unions throughout the country, and may result in a combination to enforce the demand.

Frick Will Drop Out.

Pittsburg, April 11.—"H. C. Frick will dispose of all his holdings—something over \$16,000,000—in the Carnegie company just as soon as he can," said a big stockholder of the Carnegie company. "He won what he contended for, and will not remain to hamper Mr. Carnegie or his partners." It is said that Mr. Frick and President Schwab are not on pleasant terms, and this has done much toward keeping Messrs. Frick and Carnegie apart.

San Francisco, April 11.—Five hundred pounds of plug cut tobacco have been seized in various local stores by internal revenue agents, because the packages were insufficiently stamped. This tobacco, manufactured by a St. Louis firm, has been put in packages weighing from an ounce and three-quarters to two ounces, and the packages had been uniformly stamped as weighing an ounce and two-thirds.

A TEST VOTE IS TAKEN

In House on the Bill to Give Porto Rica a Civil Government.

REPUBLICANS HAVE A MAJORITY

Spurred Debate Between the Leaders on the Respective Sides on the Concurrence in the Senate Amendments.

Washington, April 11.—The rule on the Porto Rican bill was adopted—ayes, 158; nays, 142; present and not voting, 11. This was regarded as a test vote, indicating the passage of the bill.

Washington, April 11.—Intense interest was manifested in the house of representatives in the final contest over the Porto Rican bill.

At 11 a. m. the committee on rules assembled in Speaker Henderson's private office and settled the day's program, fixing the final vote for 5 p. m. The special rule provided for the occasion allowed 20 minutes on each side to debate the rule, and on its adoption a debate on bill till 5 p. m.

Early in the day the party managers were exerting their utmost endeavors to assemble a full vote. On the Republican side there were 25 or 30 absentees, but Representative Long, the Republican "whip," was in telegraphic communication with every one of these, and it was known on what train each would arrive. Long claimed the passage of the bill by 9 votes.

Upon the conclusion of the reading of the rule upon demand of Mr. Dalzell, the previous question on its adoption was ordered. Mr. Dalzell discussed the rule briefly. On Feb. 28 the house sent to the senate the Porto Rican tariff bill. The amendments attached by the senate furnished a civil government for the island. It was the opinion of the majority, he said, that those amendments should be concurred in. What the country desired was not debate, but action.

Mr. Richardson, the minority leader, called attention to the fact that the rule would permit the house to vote only upon a single proposition.

If it had been possible for the senate to add to the iniquity of the original bill levying 15 per cent of the Dingley duties on goods going into Porto Rico, he said it had done so in the so-called government act.

Under the guise of a civil government, he said, the government had imposed an imperialist government upon the people of the island. He asserted that it was never the intention of the Republicans of the house in the first instance to enact any such measure.

Quoted Republicans.

He quoted President McKinley, Secretary Root, ex-President Harrison, ex-Speaker Reed and other Republicans in favor of free trade with the islands, and drew a round of applause from his Democratic colleagues by characterizing the president in the language of ex-Speaker Reed, as "the emperor of expediency."

Proceeding, he expressed his regret that the secretary of war had not seen fit to furnish the opinion of Judge Charles A. Magoon, the attorney of the insular bureau, to the effect that the constitution extended ex proprio vigore to our new possessions, upon which he said the original recommendations of the president and secretary of war were based.

When Mr. Richardson asked had the president, the secretary of war and the Republican party changed front upon this whole question? For reply he read the statement of Professor Schurman of the Philippine commission that the "trusts had gone down to Washington and had grasped the Republican party by the throat."

He also recalled the statement printed a short time ago in a local newspaper that a Republican member of the house had said that in return for the passage of the bill a large contribution was to be made to the Republican fund.

Mr. De Armond (Mo.) said the rule was evidence that those who had decided to suppress intellect, chain the will and stifle the conscience realized that they must do their work quickly. He commended those who had the manhood to stand out for the right, and warned the majority that the Republicans would have the country to reckon with.

Mr. Babcock (Wis.), chairman of the Republican congressional campaign committee, indignantly resented the charge of Mr. Richardson that the Republican campaign committee had received money consideration for the Porto Rican bill. He challenged any one to name the Republican who was responsible for such a charge. Jumping to his feet, Mr. Pierce (Tenn.)

tried to interrupt Mr. Babcock, but the latter waved him aside.

"He withdraws his challenge," shouted a voice on the Democratic side amid a howl of derision.

Mr. Babcock paid no attention to it. The shoe was on the other foot, he continued. The tobacco trust and the sugar trust, he said, had started the free trade agitation.

After the adoption of the rule, it was decided that the remaining three and a half hours should be equally divided between the two sides. Mr. Watson opened the debate.

One of the most dramatic incidents of the debate was the reading of the original opinion of Judge Magoon, solicitor of the insular bureau of the war department.

Deputy Collector Responsible.

Washington, April 11.—The secretary of the treasury has received a report from the special agent who has conducted the investigation of the reported use of the custom house at Charleston, S. C., for the storage of contraband liquors for illicit sales. The search of the building by the inspector and a number of assistants resulted in the finding of a cask containing about 15 gallons of rum and 30 10-gallon kegs, from which the liquor had recently been taken. The rum was found in the basement and the empty kegs in the attic. The conclusion of the officials is that a certain deputy collector is responsible for the storing of liquors in the custom house, and that several employees had full knowledge of it. The treasury officials have as yet taken no action in regard to the matter.

To Consolidate the Tracks.

Cincinnati, April 11.—A scheme is on foot to unite the Latonia and Queen City race tracks and bond them for \$300,000, under one management. Eastern capital, with that of Cincinnati and Covington capital, is said to make the plan feasible. The hope is that in this way the racing interests of Cincinnati may be placed on higher plane, and may also be made to bring better returns to stockholders.

New Incorporations.

Columbus, O., April 11.—Canton Improvement and Mining company, Canton, \$25,000; Independent Chemical company, Dayton, increase from \$28,000 to \$50,000; East Ohio Gas company, Lima, increase from \$1,000,000 to \$1,250,000; Port Clinton Electric Light and Power company, Port Clinton, increase from \$10,000 to \$20,000; Guarantee Deposit company, Cincinnati, \$50,000.

Main Republicans.

Lewiston, Me., April 11.—The Republicans of Maine in state convention elected delegates to the national convention at Philadelphia, and adopted a platform indorsing the administration and pledging support to President McKinley. The delegates were not pledged, but the platform in this state is deemed sufficient instruction.

Clear Field For Aycock.

Raleigh, N. C., April 11.—The Democratic state convention met here with a large attendance. The withdrawal of Theodore F. Davidson leaves a clear field for the nomination of Charles B. Aycock for governor. Lively contests are expected for the minor offices.

Will Ship Boers Away.

Simonstown, April 11.—Owing to the unfavorable condition for keeping the Boer prisoners here, the authorities have decided to ship them all to St. Helena with the least possible delay. The sickness among the captured burghers is abating.

Total British Losses.

London, April 11.—To the war office returns of casualties must be added the losses of the last week and the wounded, aggregating about 1,000 men, making a grand total of upwards of 23,000 officers and men put out of action.

Arrived at Cape Town.

Montreal, April 11.—A cablegram announces the arrival at Cape Town of the transport Monterey with the Strathcona Horse. All on board were well. One hundred and sixty-three horses died on the voyage.

First of the Season.

Beeville, Tex., April 11.—A lively tornado passed through the village of Lebanon, completely demolishing the residence of L. D. Atkins. Several small buildings were destroyed, but fortunately no lives were lost.

Death of Rev. Delafield.

Chicago, April 11.—Rev. Walter Delafield, 62, rector of the Church of the Transfiguration and for many years a prominent figure in the Episcopal church, died of heart disease, after a week's illness.

Helena, Mont., April 11.—The Populist state convention selected 10 delegates and alternates to the Sioux Falls convention. The delegates were instructed for Bryan for president.

IN SUSPENDED STATE.

The Fate of the Ohio Centennial Bill Is Still Uncertain.

FISH AND GAME BILL DEFEATED.

Special Committee on Trusts Has Prepared a Bill Which Will Be Introduced Before the Final Adjournment.

Columbus, O., April 11.—When the house recessed the centennial project was as deeply enshrouded in doubt and darkness as when the house refused to accede to the request of the senate for a conference committee. It was expected that Mr. Griffin would make an effort to have that action reconsidered, but no such step was taken, in fact there was not even the slightest reference in the house to the centennial project.

An effort was made by Mr. Gear to get the Democratic members of the house together after the night session to caucus on the centennial situation, but only five or six Democrats put in an appearance, and nothing was done whatever. The sentiment among the Democratic members seems to be that as the centennial project was not dragged into politics by them, they do not propose now to make it a political stalking horse. They blame the trouble on the factions of Republican senators.

The present attitude of the members of the house, who refused a conference, is to assume the defensive from this time on. They insist that any action looking to the revival of the centennial project must have its initiative in the senate.

A resolution is held to be insufficient to confer powers upon any commission that might be authorized to proceed with the preparations for an exposition. It is claimed further that such powers can be conferred only by an act in regular form, and unless a bill passes the senate empowering the old commission to continue and carry out the plans it has prepared it will fail of passage in the house, because the opposition to a new and alleged partisan commission is strong enough to defeat it.

The centennial exposition at present is up in the air like a balloon. There is no telling where it will land, nor what an hour may bring forth.

About an hour was consumed mending, amending and rending the omnibus fish and game bill prepared, repaired, substituted and eventually run through the colander of a joint committee of the two houses after a tour of the lake towns, with special reference to the sections pertaining to fish, fisheries and fishing. Then the house defeated the bill by a vote of 30 yeas to 43 nays.

Mr. Bell's bill to appropriate \$5,000 this year and \$5,000 next year for dredging the Buckeye lake (Licking reservoir) was defeated by a vote of 40 yeas to 31 nays.

The special committee on trusts has prepared a compound of the two Price bills, which will be introduced at the first opportunity. It is practically the same as the bill formerly introduced by Mr. Price to require domestic corporations to make annual reports to the secretary of state, except that it also includes foreign corporations, which Mr. Price formerly provided for in a separate bill.

When the Painter primary election bill was reached Mr. Painter moved to informally pass the bill. His purpose was made apparent by immediately moving that Senator Brorein's primary election bill be given its second reading. Mr. Painter also moved that the Brorein bill be engrossed and put on its final passage. This was opposed by Mr. Griffin, who moved that the Brorein bill be made a special order for Thursday, which was agreed to.

Senator Dodge's bill to enable railroad companies to construct side tracks under bridges at less than 21 feet below the bridge passed the house after being amended so as not to apply to the main tracks of railroads. It was disclosed in the discussion of the bill that its whole purpose is to enable the Valley railroad to construct a spur under the Erie track to its freight house in Cleveland.

In the House.

Senator Dunham offered a joint resolution adding two more ladies to the Paris exposition commission. Ida Eckert Lawrence of Toledo desires to go. It was adopted.

The Russell skunk bill was reported back with an amendment making an open season of one month for the animals, not at the breeding season, and making it lawful to have skunk pelts in possession.

A WORD TO MAYSVILLE BUSINESS MEN.

At a meeting of the Board of Directors of the Board of Trade last evening the absolute need of funds with which to carry on the excellent work of the board was discussed at length and the conclusion reached was that unless the merchants and other business men will give so much money each month the board can not continue. It was therefore unanimously resolved to appoint a committee on soliciting funds which will wait upon the business men of Maysville in the next few days for contributions. The sum from each, if all will give, will be very small and the aggregate thus obtained would be a sufficient fund to meet all the expenses which will accrue.

We therefore ask our merchants to consider this question; ponder it from a personal beneficial standpoint and then give to the committee and save an organization which is of incalculable good to Maysville.

In conclusion let us say this: is no child's play; there is no subterfuge used, no deception; you all know what has been accomplished; you may stubbornly deny the fact, but the evidence stands boldly out, and those who deal in Maysville and who are honest enough to admit the truth will give the credit for an energized trade and a vast impetus to commercial life to the efforts of the Board of Trade.

Consequently be wise and give your financial aid to the committee, that the good work may continue for twelve months more and the end will see even greater things than now glare at you when you are silent about the things done for you by the board.

The McKinley imperialist crowd have at last succeeded in pushing the Porto Rico bill through Congress. By a vote of 161 to 153, taken late Wednesday, the House concurred in the Senate amendments. Thus does the United States fasten upon a helpless island a system of taxation that caused the original colonies to rebel against English rule in this country.

The Todd faction of the Republican party at Louisville have at last won their fight and will be recognized hereafter. Todd recently scored the Taylorites for their wild and incendiary talk during the last campaign.

TOM CAMPBELL seems to be causing the editor of the Ledger no end of worry.

JAMES WALL.

An Eccentric Old Bachelor of Cynthiana Died This Week.

[Paris Kentuckian.]

James Wall, the tall, eccentric bachelor, died at Cynthiana Tuesday, aged sixty-five years. He was son of late State Senator, W. K. Wall, and nephew of 'Squire Sam January, the ninety-one-year-old inmate of the County Infirmary.

His brother, Dr. John Wall, Mexican veteran, lately died. Richard Wall, the drummer, his surviving brother, has supported him. He is to be cremated.

Wednesday's issue of the Cincinnati Times-Star has the following in reference to Mr. Wall's death: "A funeral party, with the remains of James Garrett Wall, reached the Grand Hotel from Cynthiana, Ky., early on Wednesday. They communicated with Superintendent Rover of the crematory in Clifton and arranged to have the body incinerated at 3 o'clock Wednesday afternoon. Deceased was sixty-one years old and had been an invalid all his life. Shortly after his birth he began to develop a swelling of the head just above the brows and his head became twice the normal size. His limbs were also crippled. With the enlargement came an abnormal brain, and notwithstanding his crippled body and abnormal head he lived to pass three score years and was considered one of the smartest men of his town. He wrote for newspapers and magazines and was an expert accountant. He had two hobbies, aside from which he was mentally perfect. He fancied that he owned the ground upon which the depot at Cynthiana was built and that a tract of land at Maysville, deeded by his grandfather to that city for park purposes, was also his. He died Tuesday morning and for fear some medical college would get the body the family arranged to have the remains cremated. The ashes will be taken to Cynthiana for burial. J. M. Allen, editor of the Cynthiana Democrat, was one of the party who accompanied the casket to this city."

It is eleven years ago to-day since Mrs. I. S. Kay, of this city, received her diploma from County Superintendent W. H. George, of Lewis County, as a graduate from the common schools of the State, at Vanceburg. Mrs. Kay has been a teacher in the following schools: Orangeburg, Tollesboro, Concord, Sand Hill, Clarksburg, Armstrong, Aills, Randville and Valley, her last work being at Orangeburg.

THE Dr. Basil C. Duke Chapter, U. D. C., at their regular monthly meeting in April, unanimously offered a vote of thanks to the young ladies and gentlemen of the "Neighborhood Dramatic Club," who so kindly gave their services, on February 14th, to the charming rendition of the play, "Diamonds and Hearts," in the town of Flemingsburg, at which was netted and sent to this chapter as a contribution to the Confederate Monument Fund, \$30. Maysville has enjoyed many fine plays this winter, but can never have a more delightful treat than should this play be repeated among us. Let the "Neighborhood Dramatic Club" come to Maysville.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from frightful death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." It's Time You Were Coming Out

IN THE NEW COAT YOU PROMISED YOUR HOUSE LAST FALL

There are lots of other things that didn't have paint applied last Spring that need it very badly now. There are vehicles, farm implements, fences and many things about the house that would look better and last longer under a coat or two of good Paint. The high-grade Paints we sell are the most durable on the market and are guaranteed by the manufacturers to last five years. These colors are prepared ready for use, and we have them in twenty-one beautiful and durable shades. There is no sense in buying cheap stuff, when for about the same money you can get the United States Paint Company's goods, which are made on scientific principles of carbonate of lead and zinc combined with pure linseed oil.

OUR PARIS PATTERN HATS.

Have met a flattering reception. Patrons wonder that we can sell 'em at such modest prices. The secret, by the way, lies in our buying them in such large quantities and from first hands. All declare the styles unique and absolutely proper. No two trimmed alike. Prices from \$1.69 to \$6.50, but worth fully 30 to 40 per cent. more.

A COMPLETE DRESS GOODS STOCK.

We believe we are justified in stating that our Dress Goods stock is now complete in every detail. There is nothing in Woolen and Cotton Fabrics that Fashion decrees in vogue for spring of 1900 but what you'll find it here. Venetians for the tailor made gown at 50c., 59c. and \$1.25, all colors. Plaid Homespins, forty inches wide, worth fully 75c., our price 59c. Golf Plaids from \$1 to \$2.25 per yd. The new stripes in cloths of all wool, 50c. to \$1 per yd. Sybeline Plaids, 50c. a yd. The Black Dress Goods stock is a department in itself. Crepons from \$1.06 to \$2.75 a yd. Gonsalva Cloth, a gem of the weaver's art, fifty-four inches wide, \$1 a yard. Black Mercerized Brocades that are sold elsewhere at 40c. are sold here 29c. And a host of other fabrics that lack of space prevents mentioning.

\$12.50 TAILOR-MADE SUITS FOR \$8.49.

We ask you but to inspect these suits and judge of their merits for yourselves. They are made of all-wool Venetian Cloths, jacket lined with silk and skirt with best grade percaline. We guarantee a proper fit with each suit. Our special price, \$8.49.

PRETTY HOME WEDDING.

Marriage Wednesday Afternoon of Mr. James Milton Alexander and Miss Bessie Foster Childs.

The residence of Mr. and Mrs. Geo. W. Childs, 208 East Third street, was the scene of a pretty nuptial event Wednesday afternoon at 3:30 o'clock, at which hour their second daughter, Bessie Foster, was given in marriage to Mr. James Milton Alexander.

The ceremony was performed by Rev. Dr. John Barbour, pastor of the First Presbyterian Church, and was witnessed by a large number of the relatives and intimate friends of the couple.

The parlors were handsomely decorated for the occasion.

Miss Lida Duke Childs, a sister of the bride, was maid of honor, while Mr. R. Earl Newell officiated as the groom's best man.

The bride was beautifully gowned in white organdie over white silk, and wore a veil caught up with a diamond brooch, a gift of the groom. She carried a bunch of Bride roses.

The maid of honor's costume was white organdie with pink trimmings, and she carried pink roses.

After the ceremony the couple drove to the groom's home near Lewisburg, where a reception was given.

The groom is a son of the late 'Squire Jos. M. Alexander and a nephew of Hon. John W. Alexander. He is an industrious young farmer of sterling worth. His bride is one of the city's most estimable young ladies.

The BULLETIN unites with their many friends in the hearty congratulations and good wishes showered upon the happy couple.

Capt. T. F. Roger's Loss.

(Mt. Sterling Advocate.)

About 12:30 o'clock on Monday the large residence of T. F. Rogers on West High street was discovered to be on fire. The effort of the fire company to save it was unavailing and the structure is practically a ruin. The house cost between \$4,000 and \$4,500 and was only insured for \$2,000. Some furniture and household goods were burned and much was badly damaged by breakage and otherwise. It was insured for only \$1,000. The fire started either from a defective flue or a spark on the roof. The many friends of the family will regret to hear of their misfortune.

I Think it Best the Public Should Know the Truth.

Therefore I will tell you about my Clothing for this season for men, youths and children. Twenty years selling good Clothing in Maysville, but I have never before had so nice a stock as I am showing now. I will not attempt to describe them. To appreciate you must see them, and that's what I want you to do. Whether you are contemplating a purchase or not, it is well worth your time.

We wish to call special attention to our Children's Clothing, which we are quite sure is the nicest ever shown in this city. We also do fine Merchant Tailoring in the latest and most approved manner, and our line of piece goods is something beautiful to look at. Our Men's Furnishing department is full and complete in every particular with the very newest, nicest and up-to-date stuff found in the market, and my prices are always the lowest, consistent with dependable goods. Americans are known as a dyspeptic people. The extent of this disease may be inferred from the multitude of so called "medicines" offered as a remedy. They are often in tablet form and have no value except as palliatives of the immediate effects of dyspepsia. The man who used them may feel better but is surely getting worse. They do not touch the real cause of the disease. Dr. Pierce's Golden Medical Discovery is a medicine specially prepared to cure diseases of the stomach and organs of digestion and nutrition. It is not made to give temporary relief but to effect permanent cure. In ninety-eight cases out of every hundred it cures perfectly and permanently.

It has cost Dr. Pierce \$25,000 to give away in the last year the copies of his People's Common Sense Medical Adviser, which have been applied for. This book of 1008 pages is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, B. B. B. Co., N. Y.
